## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows in order to clarify the claim language:

#### Claim 1:

In Claim 1, line 3, delete "comprising" and insert --, said lid member having--.

In Claim 1, line 4, after "up through" insert --an--.

In Claim 1, line 6, after "liquid" insert --inside said holding chamber and--.

#### Claim 2:

In Claim 2, line 5, delete "comprising" and insert --, said lid member having--.

In Claim 2, line 7, after "through" insert --an--.

In Claim 2, line 8, after "liquid" insert --inside said holding chamber and--.

***Election/Restrictions***

2. Claim 2 is directed to a business method for advertising a product. The product as recited in the business method of claim 2 was found to be allowable. As a result, claim 1, directed to the product and previously withdrawn from consideration as a result of a restriction requirement, is now subject to being rejoined since the product in the business method of claim 2 was found to be allowable. Claim 1 is hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on July 6, 2005 is hereby withdrawn.

***Drawings***

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings filed March 26, 2004 where indicated by the applicant as being informal and furthermore, they contain handwritten numbers and figure headings. Formal drawings are required. Applicant is advised to employ the services of a competent patent draftsperson outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

***Response to Arguments***

4. Applicant's arguments, filed September 21, 2005, with respect to the rejection of claim 2 under 35 U.S.C. 103(a) have been fully considered and are persuasive. The rejection of claim 2 under 35 U.S.C. 103(a) has been withdrawn.

***Allowable Subject Matter***

5. Claims 1 and 2 are allowed.

The following is an examiner's statement of reasons for allowance: The applicant's arguments filed September 21, 2005 were fully considered and are persuasive. Claim 2, directed to a business method of advertising a product, is allowed because the prior art fails to teach or fairly suggest the limitations of the product in the business method claim. As a result, the product of claim 1 has been rejoined and is also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
